# Message from Ollie

Hello, my amazing sponsors from Sepulveda Building Materials!

You will not believe how big I have gotten since my last update! I have been learning many new things over the last few months: new smells, new people, new places, and new training...

From the bottom of my tail, thank you so much for sponsoring me on my journey to becoming a guide dog/service dog! Every day, I work hard to make you proud and to help someone someday.

Wags, Oliver

A very important part of my training is socializing with friends! Paws and hands, alike! One day, I hope to help someone and it could be ANYONE, so I really practice hard being a sweet boy to everyone.

Being at school will help me so much in the future when I work for someone! I practice being quiet in the classroom while mommy teaches, I go out to recess evrey day and listen to new noises and watch balls fly, and get to practice my "kid" skills!
