## Introduction!

Hello! My name is Picsar and I'm a male golden Retriever. I was born on November 23, 2015 and I have a brother and five sisters! When I was 8 and half weeks old, on January 22, 2016, I met my foster family, the Wurts Family! They are awesome and I love them already. I'm their third puppy that they have raised for Guide Dogs of America but I'm their first golden and MALE but their second puppy, Holland won't be going off to college until April, so I get to spend some time with her too! I will be growing up in beautiful Santa Ana, California and will be apart of of the Orange County GDA group! I've been home for a few days now and I've adjusted very well according to mom (Ina). I already know sit working on down, come and "getting busy". I'm a pretty smart boy and catch on quickly. I will be starting Puppy Kindergarten soon! Well, that is all the news I have for you now! I'll have more in a few months! Thank you again Sepulveda Building Materials for being SO generous and sponsoring me! Now the FUN part... Pictures! Prepare yourself, I've heard that I'm very cute and people "can't handle it".

# Around the House....

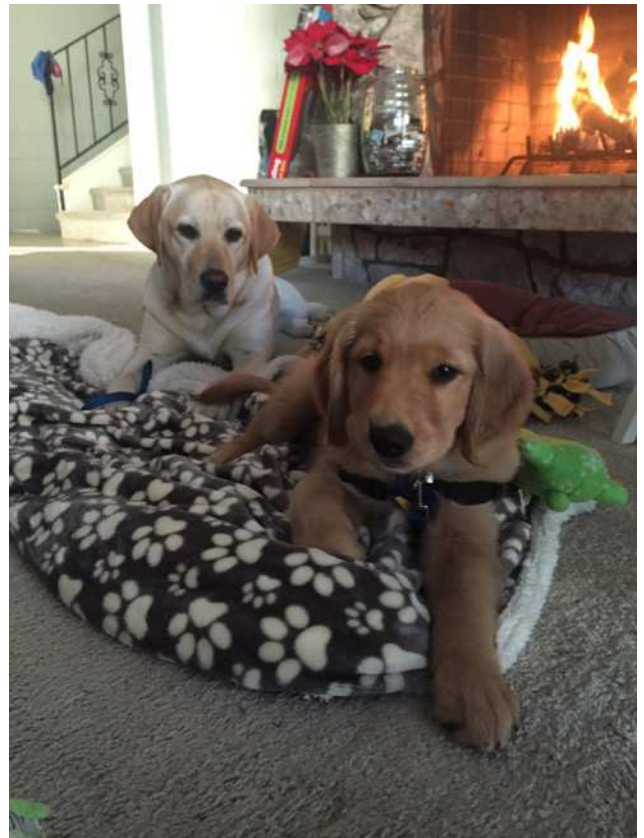

Playing with my “sister” Holland! She is 14 months old and is also a puppy in training like me! She is a great mentor!

You want me to do what!?

I kinda sleep..... a lot..... ZzZzzZzzzzz....

So! Mom plans on taking my picture next to this planter every month so we can see how much I grow! So this is me at 9 weeks old!
