July to October!

Introduction

Hello! Picsar here! I'm now 11 months old and 82 pounds! Can you believe how big I gotten?! Crazy! Anyways, lots has happened since my last newsletter. My mom goes to school at Mt. Sac and I get to go with her! I'm a good boy and lay quietly while the teacher lecture. Plus, I'm the teacher's favorite... Can you blame them? Anyways, I have been working hard on perfecting my commands: sit, down, stay, come, the formal recall and heel! My mom is so proud of me! As you read this, I'll be at GDA for my eval! I'll be showing off all the skills I have learned! I hope to bring home a good report home!

Trip to Downtown Disney!

Me, Aspen and Hurley went to Downtown Disney to experience crowds and we did so well! Everyone thought we were so well behaved and so cute — Well, they thought I was handsome!

School!

So my mom goes to school to become a vet tech.. So, I get to see things like my pony friend here. I like him!

OCTA Event!

I went to the bi-annual OCTA bus day! It's a training for us puppies. So I got to ride the public bus with my friend, Aspen, and it took us to Downtown Disney. Here's Apsen and I cuddling while our raisers ate lunch! Aren't we cute?

Brea Mall with Alder!

I went to the mall with fellow, Sepulveda dog Alder! We were working on being calm with another dog around and we worked on our basic obedience. We had fun and were so well behaved! (:

Golf Tournament!

Ah! I had SO much fun going to the golf tournament! It was great to represent Guide Dogs of America and Sepulveda!

Thank you!

I just want to Thank you SO much for being so generous for sponsoring me! I'm having so much fun learning! Once again, thank you!!!!
