

Hi Family!

How are you? I'm doing good! We just had our Open House event on campus and guess who got to do the guide dog demo?! Me! I got to show off all my skills in front of everyone! I had so much fun doing the demo and was told I did good! My roommate and I have a blast together and the kennel techs and volunteers also give us enrichment activities and play with us. Well, I have to get back to studying. Miss you but having a good time!

Wags & kisses!

Whelan
