

Hi Family! 🐾

It's me—writing you from guide dog college! 🐶

I hope you're all staying cool this summer, because I sure am! Guess what? I sniffed out the right answer—my instructor took me to Ventura for some cooler weather! 🌞🐾

Working by the beach was so different—there were so many salty sea smells and lots of other dogs out for walkies. 🐶🏖️🐶 But I stayed focused (okay...mostly!) and really got to show off all the things I've been learning. It was like a pop quiz with sand between my toes!

Back at school, we've been having so many pool parties in the kennels! 🌊 The kennel techs even make us frozen pupsicles—yum! 🍦🐾 Life is pretty sweet when you're working hard and getting treats.

Sending tail wags and sandy kisses,

Your good pup-in-training 🐾

Whelan
