

LADY

THANK YOU SEPULVEDA BUILDING MATERIALS CHARITY GOLF TOURNAMENT

July 2025 Pupdate

Quick Update

- Lady is now 10 months old and just over 50 lbs.
- Here are pictures of her working on settling at a restaurant

9 Month Eval

- Lady completed her first evaluation once she turned 9 months old. She spent a couple hours working at a mall with a trainer. The trainer said she did extremely well. It sometimes took her a few minutes to settle and focus - but with all the attention she was receiving from mall-goers that was to be expected. This was also the first time she wore the guide dog harness. It was pretty big on her so she was a little uncomfy.

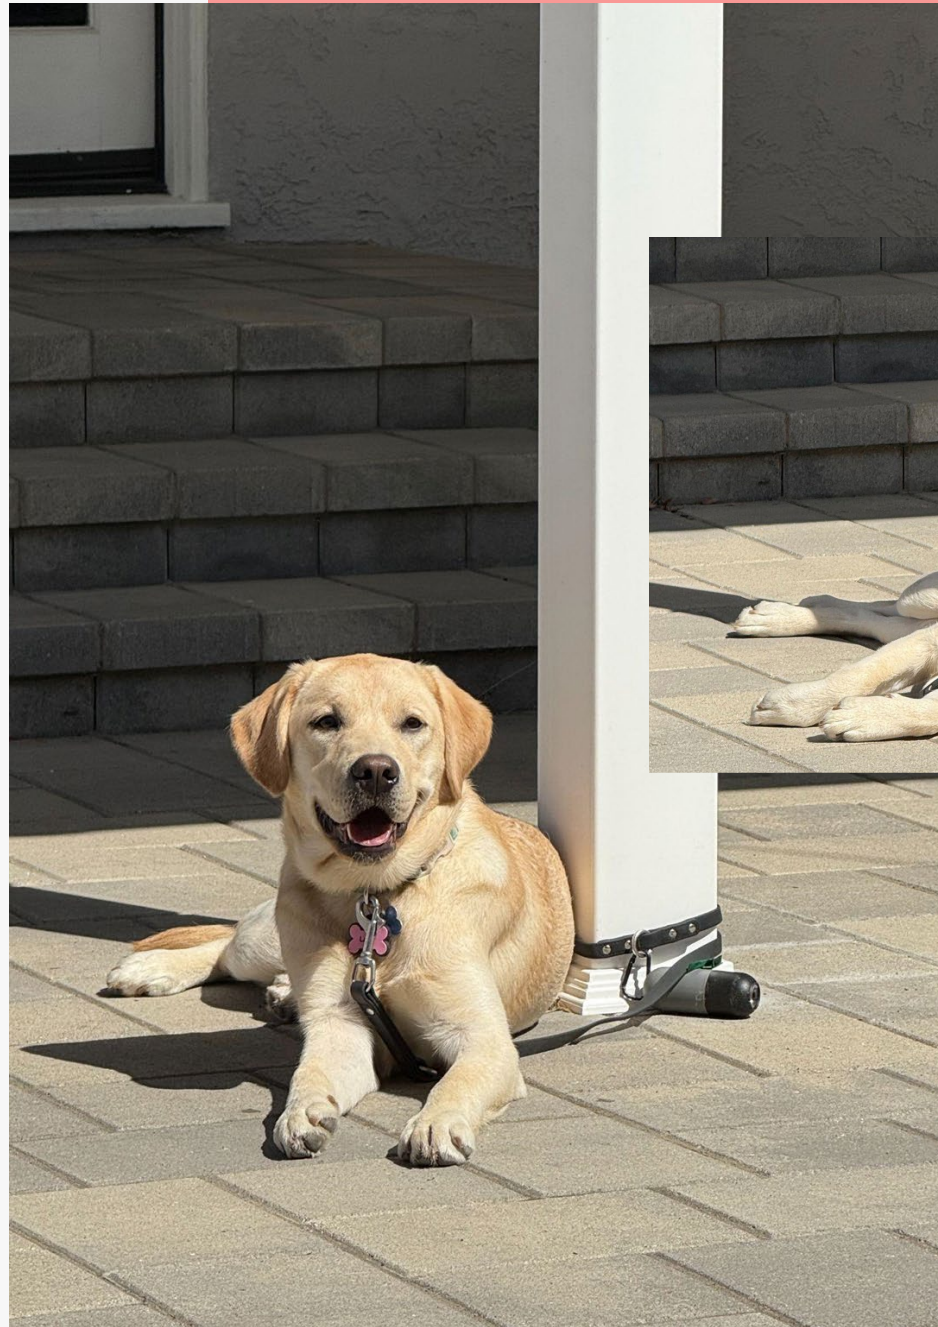

HOUSE BEHAVIORS

- Lady has always been great with her house behaviors.
- She settles well
- She “gets busy” on schedule
- She can be trusted in various rooms of the house
- Lady's weakness is socks - she sometimes steals them and wants to play chase

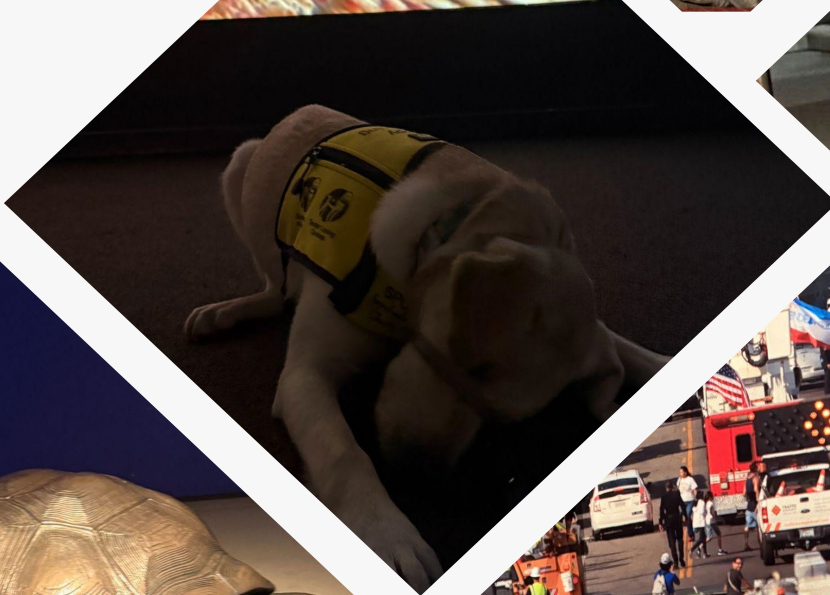

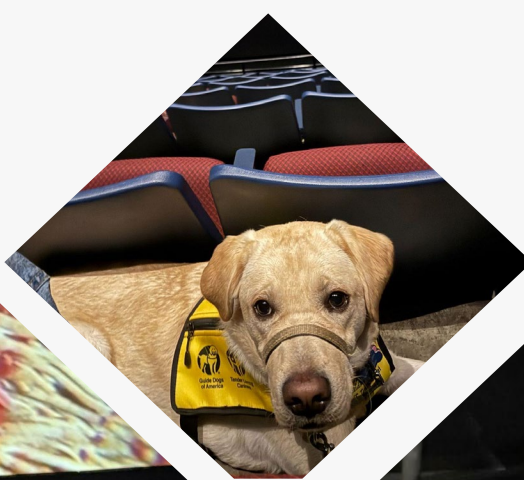

TIE DOWN

- Lady has been working on being on her tie down more often. She has improved greatly! She settles very quickly

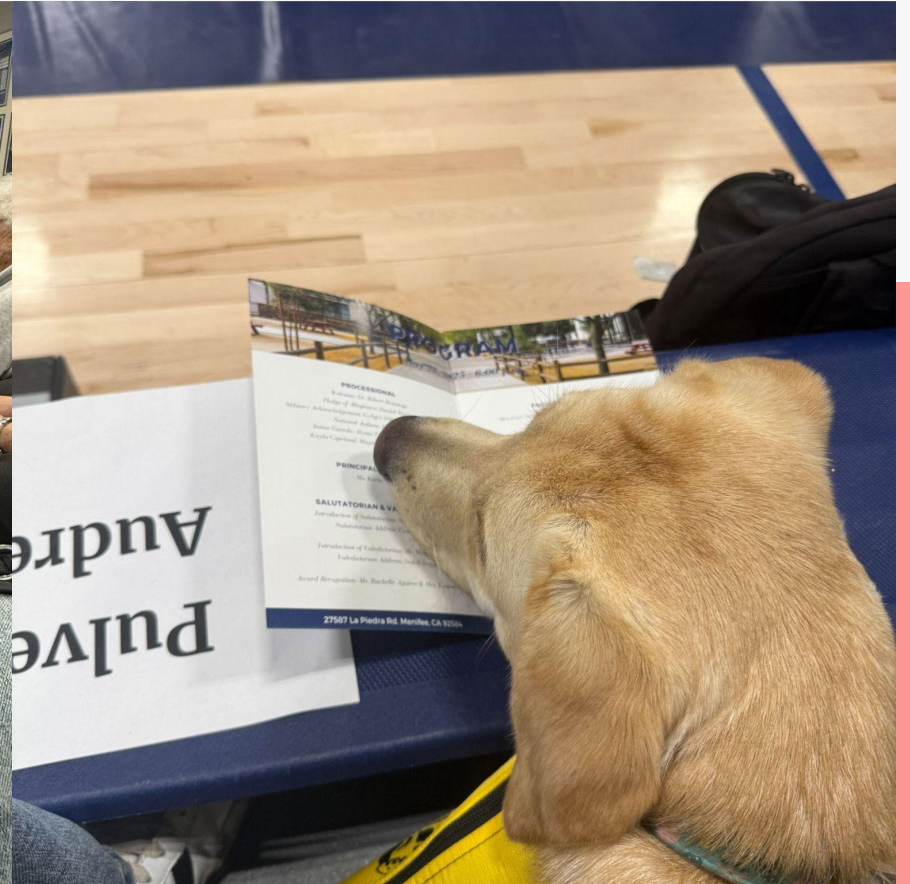

CA SCIENCE CENTER

- Lady visited the California Science Center
- She has so much fun and interacted with a lot of fun objects in the environment
- She was exposed to large and loud crowds, children, and elderly/disabled folks
- This was a long day for Lady and she stayed focused and well-behaved the whole time!

GRADUATION

- Lady went to a high school graduation in a gymnasium a new environment for her
- She settled very well and stayed focused, despite all the attention from people and loud noises going on. She also settled very well under our table at dinner afterwards. A long day for her but she did so well!

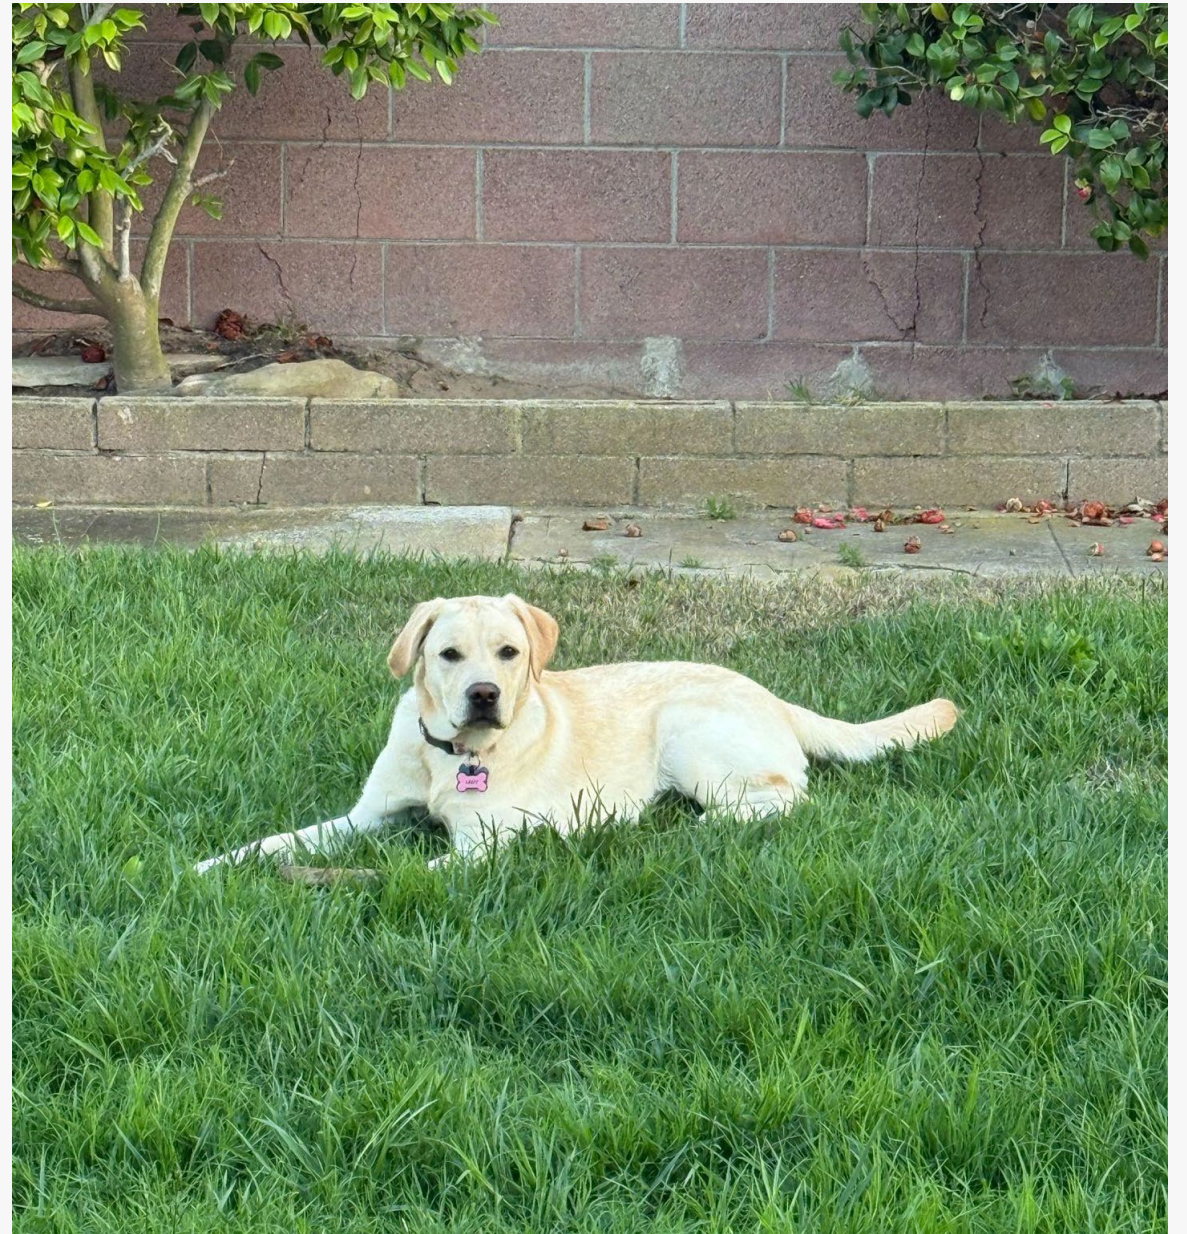

CAR RIDES

- Lady is an expert at riding in the car now. She much prefers to be in her comfy crate in the back but she also does well on the floor by the front passenger seat

AROUND THE HOUSE

- Lady does so well while her raiser works from home. She take a lot of naps and she entertains herself with her toys well.
- She loves playing in the backyard with her raisers
- Lady is such a sweet puppy who loves to cuddle and wiggle when greeting people!

OTHER UPDATES

- Due to her raisers being on a couple of different summer vacations, Lady was able to spend time at the GDA kennels. This was great for her to become used to being there and get comfortable with the staff and other dogs. The staff is also able to do a full health exam and work with her to see how she's progressing with her training she's doing well on all fronts! We are so proud!
- Lady unfortunately will not be able to go to the Sepulveda Building Materials Charity Golf Tournament on August 1st this is because she will still be in a mandated quarantine due to a virus going around some of the GDA puppies. She is healthy and showing no symptoms, but we want to put her health first always- but she sure will be missing being there and greeting lots of new people! (she absolutely loves people 🍷)
